## They Say About Patterson . . .

"Gov. John Patterson appears to be growing in qualities of leadership every day. He knows what he wants and knows how to state his case. He is developing the necessary courage also to pursue his chosen course.

"Another unexpected development by Gov. Patterson is his marvelous respect for the people of the state making visits or taking part in local events of various kinds, and the same day is likely to be back in his office looking after the routine affairs of state and keeping up with the legislature.

"Gov. Patterson has never swerved an inch from his stated position (regarding race relations). No pressure from Washington, no neglect of the state in patronage matters, no threats and acts by a vindictive Attorney General have been able to influence the Alabama executive a particle in this issue so vital to the peace and welfare of his state.

"All of these things require not only political courage but they require personal courage. Gov. Patterson has shown both and deserves great credit for exercising his courage at times when it is most needed to stiffen the backbone of others lacking in those qualities."—The Alabama Journal, Montgomery.

"Under the expert noses of such political stalwarts as Governors Brown of California and Rockefeller of New York, Alabama's Governor Patterson stole the show at the conference of governors in Hawaii. They and other governors, Republican and Democrat alike, were all primed to make Patterson the whipping boy of the conference, but Patterson stole their whip.

"If an election were held today and an Alabama governor could succeed himself, it would be another case of nobody is for Patterson but the people."—The Sylacauga News.

"During the short time Gov. Patterson has been in office, Walker county has progressed probably more than any other similar length of time in its history.

"During his administration, the largest state highway program ever undertaken in the history of our country is underway. It includes several miles of super highway, 12 new bridges being constructed through the efforts of the governor and the Board of Finance and Control, and the county's first four-lane, lighted highway.

"This whitewash, which will be constructed on Highway 75 Bypass at Jasper, will be called, and rightly so, the John Patterson Whitewash.

"For these and many other things (establishment of 22,000-acre game refuge, 12 school building projects, construction of new inland docks) which you have made possible for us during your administration, we say thank you, Gov. John Patterson.—Daily Mountain Eagle, Jasper.

## Letter To The Editor . . .

Route 1,  
Samson, Alabama,  
The Elba Clipper,  
Elba, Ala.

Dear Editor:

On a remote scrub oak ridge, that lies on the rim of the Atlantic Coastal plain, there once dwelt an old highland terrapin who was called "Old Grind." He gained his name by the way he had ever nipped and ground his food from the tough herbs of his desolate habitation.

There had never been but one thing to break the monotony of the simple grinding schedule of this old crustacean, and now it was gone. It had been a little woodpecker sawmill that had ground out a pile of bluish sawdust and a few worthless boards, mostly from cottonwood trees.

At last, one day, a group of fellow men from further back in the mainland stopped and invited "Old Grind" to accompany them on the long trek to see the ocean. They soon set forth and there came a day when they all stood and gazed out upon the beautiful blue endless expanse. Suddenly, there appeared on the horizon something very big, and moving directly toward them.

All eyes turned to "Old Grind" for counsel but, instead, he stretched his neck, snapped at the air and said, "Listen here, old "Big Wheel", I have learned about you. You are just another phoney, and I can even out-run you, any time, in your old big pan of blue cottonwood sawdust."

So ends my story of life, adventure and controversy.

Sincerely,  
JOHN KNIGHT

## 21 YEARS AGO— FROM OUR EARLY FILES . . .

Mrs. George Collier was hostess at a rook party in her home on Hickman Ave., when her guests were members of the Past Time Rook Club.

## Reduction of Grub Damage Is Sought

AUBURN — Alabama cattlemen are set to declare war on cattle grubs and warbles.

Walter Grimes, Auburn Extension Service entomologist, says that controls applied from now through October kill the grub inside the cow before it reaches the cow's back. This stops costly damage to hides and join meat that must be trimmed because of grubs, he points out.

Grimes says one control material, ronnel, is used as a feed additive. Two-tenths pound of a 5 and a half per cent medicated ronnel feed per 100 lbs. of cattle weight should be mixed with regular grain or protein supplements, says the specialist. Feed this mixture continuously for 14 days, he says.

Another material, corral, is mixed with water and sprayed on the animals.

Grimes adds that either of these methods proves 95 to 100 per cent effective.

## Free Hospital Care Approved

Beginning next month, Alabama will embark on a \$5 million-a-year program providing free medicine and free hospital treatment for elderly citizens who are in need. In this photo, Gov. John Patterson, seated, is shown as he signed legislation setting up the state's first medical care plan, which will benefit all persons over 65 who cannot pay their own hospital bill. Standing from left are Rubin M. Hann of Montgomery, state president of the Alabama League of Aging Citizens; Alvin T. Prestwood, commissioner of the State Department of Pensions and Security; State Rep. Wiley P. Gordon of Oneonta and State Rep. W. Wallace Gross of Scottsboro, both leaders in old folks' legislation.

## Cottons Play Big Part In Fashions

AUBURN — Cottons in a blaze of colors, a flurry of shapes and a flare of skirt beneath long torsos which will create a relaxed effect. And fashions will have grownup tailoring with Paris-inspired side closings, deep inverted side pleats and lower waistlines.

Miss Priestley says cotton will also play a big role in boys' wear. Corduroy, she says, will

be stronger than ever in suits, jackets, slacks, sport shirts and stadium coats this winter. A new husky basket weave in bold block plaids will be featured in outdoor garments adds the specialist.

**The Thrifty HOUSEWIFE KNOWS SHE PROFITS FROM ADVERTISING!**

She Has Found From Experience that she fares Better When She Buys From Those Stores Which Advertise Regularly in Newspapers!

**The Wise MERCHANT KNOWS HE PROFITS FROM ADVERTISING!**

No business has to advertise. An experienced ad man is the first to disagree with the oft-repeated statement that 'You have to advertise.' Because you don't. But the most successful merchants are those who advertise. Because they want to let their customers know about their latest values and they have no fear to let their competitors know the same as their customers.

There are definite rules how to use it and the first rule is to budget the advertising the same as to budget the rent, payroll, gas, lights and water. Regular advertising is the keynote. No longer is advertising for clearance sales only. Customers want to know about regular price line merchandise too.

And there must be some reason why there is more advertising done in newspapers than in any other media. In fact, there is as much advertising done in newspapers as in the next highest three media combined.

All advertising is good, some better than others!

### Tigers To Face Major Challenge From Enterprise

The Elba Tigers made their standing of three wins and no losses as they defeated Opp 21-13 in Opp last Friday, and turned towards their biggest challenge yet in Enterprise tomorrow.

The Tigers started toward their first touchdown almost as soon as they received the ball in the first quarter, and drove 76 yards for the first goal as Jimmy Holley punned the center from the Opp 2-yard line. Rudolf Free made the extra point.

**Opp Scores**  
In the second quarter Elba was forced to punt with fourth down and 27 yards to go. Opp took the ball on the Elba 44. The Bobcats started a drive which they turned into a punt when Motzif scored from the Elba 21-yard line, and Sexton kicked for the extra point to tie the score 7-7.

In the third quarter Elba went ahead of the Bobcats as Tony Hudson scored from the Opp 5-yard line after a 76-yard drive. Jimmy Holley made the extra point putting the Tigers ahead 14-7.

Opp almost overcame the Elba lead in the third quarter when Sexton ran around end for a 66-yard Reboot TD. They failed to get the extra point, and leaving the score 14-13 for Elba.

**Increase Lead**  
Elba increased the lead when Tony Hudson took the ball on kickoff and returned it for a Tiger TD. Enzor made the extra point to leave the final score 21-13.

Several other Tiger drives were stopped by costly fumbles and Opp recovered. The Tigers had 15 first downs to Opp's 4, and 197 yards rushing to Opp's 138. On passing, Elba completed two out of four and Opp completed none out of two.

The Tigers ended a total of 228 yards with thirty yards in penalties and Opp netted a total of 138 yards with 10 yards in penalties. Holley led the Tiger offense with 97 yards in 20 carries while Sexton, of Opp, had 75 yards.

### John Brunson Gets Insurance Scroll

John F. Brunson, president of the Elba Exchange Bank and who heads the Elba Insurance Agency, has just been presented with the Continental Insurance Company's engraved scroll in token of more than a quarter century of representation.

Continental is a member of the America Fore Loyalty Group of Insurance Companies. Mr. Brunson's firm has represented the company more than 25 years.

Presentation was made by R. Blake Maxwell, fieldman for the company, who said in part: "Our organization has grown and prospered during your period of association and we wish to acknowledge your contribution to this success."

We thank you for your loyalty and sincerely trust that your splendid representation of this company will continue for many years to come.

"Our entire agency force countrywide and in Canada now numbers more than 40,000. Of these, thousands have represented us for twenty-five, thirty, fifty and more years."

"Without the support of all America Fore Loyalty agency members, our companies could never have attained the position we hold today in the insurance industry."

That's a panel of six Wiregrass homemakers told a group of 300 foot national, state and district representatives and distributors at Geneva Community Center last week.

Panel members were Mrs. Leona Rupp, of Blakely, Mrs. Fern Powell of Dothan, Mrs. Annette Wiles of DeFuniak Springs, Mrs. Ben Brook of Elba, and Mrs. E. Chace of Enterprise and Mrs. John Belch-

### 15 To Be Drafted Here Next Month

#### Chevrolet To Have 32 Models In 1962

Chevrolet's passenger car line-up for 1962 features extensive restyling and major mechanical changes for its standard models plus a new complete line of smaller cars to be known as Chevy II.

This will bring the company's 1962 passenger car line-up to 32 models—highest in its history—available in the Corvair, Corvair, Chevy II, and standard Chevrolet lines. These cars will be displayed in Chevrolet dealerships beginning Friday, September 29.

**In-between**  
The new Chevy II is larger than the Corvair but smaller than Chevrolet's regular car. Station wagon, a hardtop sport coupe and a convertible are included among nine models in the new line which emphasizes simplicity in styling and maximum functionality in design.

Although the Chevy II design is basically conventional, it offers new front-mounted four- and six-cylinder engines, integral frame and body construction with ball-on front end and industry exclusive in tapered plate rear springs. Both three-speed manual and automatic transmissions will be available.

**Greatest Change**  
From a styling standpoint, the standard Chevrolet I for 1962 reflects the greatest change, although Corvair models and the Corvair will also feature a number of styling changes as well as new exterior colors and interiors.

The new standard Chevrolet features a crisp, tailored look. The 1962 models have completely new sheet metal, grille, bumpers and ornamentation, as well as new exterior colors and restyled interiors. New roof lines for sedans and the Impala sport coupe also highlight the new styling.

Each paper announced that the increases were made necessary because of increased costs of operations including newspaper, payroll, machinery and postal rates.

### MYF To Meet

The Methodist Youth Fellowship of the Alabama-West Florida Conference of the Methodist Church will hold the annual Fall Rally at Blue Lake Camp, 17 miles from Andalusia, Ala., from 10 a.m. until 2:30 p.m. Saturday, October 7.

### Rotary Entertained

The Elba Rotary Club was entertained Monday, this week, with vocal selections by The Levitts of Enterprise, a vocal group directed by Mrs. Mary Ruth Lewis, and including Miss Paul Sue Kelson, Miss Enterprise of 1961.

### Shopper Panel At Piggy Wiggly Meeting Gives Tips On Mrs. Housewife...

(Reprint of article in Dothan Eagle which was written by Mary Nell McLennan, Food Editor.)

Mr. Groceriesman, spruce up your store until it sparkles. Put on a soothing record of background music. Keep prices comparable to competitors.

Then when Mrs. Average Wiregrass shopper comes in, greet her with a friendly hello, she wants to feel "needed" and you'll have yourself a regular customer.

That's a thrifty, this modern homemaker, and intelligent too. She studies newspaper grocery ads before making her shopping list. And she has list too, although it might be mental.

If her visible list is so short that it makes you shudder, Mr. Groceriesman, just remember that all women always exceed sometimes double their list.

She's buying more and more

### Peanut Festival Entrants Will Be Selected Tonight

Three high schools in Western Coffee county tonight will select entrants in the Dothan Peanut Festival Beauty Contest. The contest for Elba High will start at 8 p.m. in the school auditorium, sponsored by the Lions Club, with proceeds to be used for the Sight Fund.

Entrants are: Jeanette Grantham, Ann Harrison, Barbara Kendrick, Margaret Jean Hudson, Nell Sparks, Linda Barlow, Mary Sue Bradley, Peggy Smith, Paula Smith, Tulah Davis, Linda Taylor, Ann Liles, Sybil Donaldson, Polly Clark, Sue Jackson, Carol Hudson, Martha Howard and Mrs. J. H. Matthews.

Entrants for Little Miss Peanut of Elba will be Rosemary Kendrick, Darlene Hill, Nina Joe Monahan, Kathy Sue Monahan, Ann English, Jimmy Ham, Alyson Jeter, Elaine Adcock and Brenda Capps.

The New Brockton event is sponsored by the Exchange Club and entrants include Amelia Herring, Shirley Lett, Elizabeth Taylor and Brenda Sawyer.

The Kinston Senior Class will sponsor the choice of Miss Lett.

### Birmingham Fair Exhibits L-P Gas

LP-Gas at Work in the Home on the Farm, and in Industry will carry the theme of the LP-Gas exhibit at the Alabama State Fair in Birmingham on October 2-7.

The exhibit is being sponsored by the Alabama Liquefied Petroleum Gas Association, a trade organization composed of butane-propane gas dealers operating in the state. The state-wide association represents over 175 retail outlets.

Featuring the use of LP-Gas in the home will be such appliances as incinerators, ice-making refrigerators, dryers and built-in kitchens. The farm category will include LP-Gas powered tractors, flame cultivators, chicken brooders, tobacco cures and other equipment. Pointing out the applications of LP-Gas in industry will be such items as industrial trucks, cutting torches and overhead cranes.

### Cousin Drivers Of Cars Collide

Two first cousins were drivers of automobiles which collided on a dirt road near their neighboring homes in the Zoar Church community Monday of last week, about 6 a.m. They were Drexel R. Kelley and Chester F. Kelley, both of Rt. 5, Elba.

The cars were damaged to the extent of about \$300 each. Investigation was by Highway Patrolman J. D. Wilkerson.

### Trip Schedule

A representative of the Dothan Social Security office will be in Elba each second and fourth Monday, October through December, at 10 a.m., except that the fourth Monday date in both November and December will be delayed to Nov. 27 and Dec. 27.

Convenience food and push-button spray products this busy lady loves. But she's a realist and knows she pays more for built-in maid service and doesn't complain about price.

She had just as soon buy private label as nationally advertised foods, that is, if quality is up to par. She prefers peas, beans, tomatoes, okra, and peaches "loose" instead of pre-packaged.

She'll save gift stamps you give her, but that isn't the determining factor of shopping at a certain store.

She'll pinch the tomatoes, finger the grapes and shake the avocados.

Why? Mrs. Average Shopper doesn't know the answer to that one.

### Crop Outlook In Coffee Brightens

The peanut crop was described as normal and the cotton crop as about 75 percent of normal by J. R. Speed, Coffee County farm agent, this week. He said the corn crop is as good as ever.

Heavy rains the latter part of August and the first part of September put a damper on a better crop which, in the middle of the Summer, appeared to be normal for most varieties. The dark outlook the first half of this month turned bright during the past week.

Mr. Speed said that farmers who are taking truck crops to the newly established Dothan markets are well satisfied but said that so far only a few farmers in this county are participating. Those participating are planting winter vegetables including turnips, cabbage and onions, and will reap big profits by so doing, the farm agent said.

The trend to livestock in Coffee county is increasing every year and those who do are producing most, according to Mr. Speed. The greatest future profits lie in beef cattle, hogs, broilers, truck crops, planting woodland areas, growing leeks for use on the farm, and planting every acre of cotton allowed, Mr. Speed said.
